DANVILLE DENTAL DISCOUNT CLUB

Promoting Affordable Dental Care

The Danville Dental Discount Club was created to make dental care more affordable for the patients of the practice. Our discount plan encourages proper dental care by promoting early problem detection and routine maintenance. Members save money on simple preventive treatments such as cleanings and x-rays, as well as, complex treatments such as root canals, crowns, veneers, and bridges. This program also includes twice-a-year cleanings and annual x-rays at an even greater discount costing the member only $95 per visit. Children will also receive fluoride treatments twice-a-year at no extra charge.

There are no annual limits on use and everyone is accepted, regardless of age or the condition of their teeth. It is a great option for people who do not have access to a dental plan through an employer. The Danville Dental Discount Club does not have a waiting period, so you can begin saving right away on crowns, root canals, dentures, cosmetic dentistry, and more. However, treatment already in progress and posted to the patient's account is not eligible for the plan discount.

Your actual benefit comes in the form of a "discount" off each billable service. This can come in the form of 15% to 20% off your cost, depending on your method of payment for the charges for the visit. Unlike insurance, your dental bill is not sent to an insurance carrier to process, negotiate down, and return to you. You will know at the time of service how much your visit has been discounted and receive immediate savings at the time of service. You pay Danville Dental Associates directly at a lower price for the services rendered – and you're done! No worrying about complicated paperwork or waiting for payment reimbursements.

There is no application to complete. Simply pay the annual fee in full in advance, sign the plan agreement and your account is activated. The Danville Dental Discount Club annual fee is $125 each for adults and children 13 years of age and older, and $100 each for children 12 years of age and younger.

For the annual membership fee and payments of $95 for each cleaning, members realize a savings of $92.00 to $230.00 per year for adults and $147.00 per year for children. For example:

ADULT CLEANINGS (13 YEARS AND OLDER)		CHILD CLEANINGS (12 YEARS AND YOUNGER)	
D0120 Periodic Oral Exam	$64.00	D0120 Periodic Oral Exam	$64.00
D1110 Adult Prophylaxis (Cleaning) OR	$110.00	D1120 Child Prophylaxis (Cleaning)	$81.00
D4910 Periodontal Maintenance	$179.00	D1208 Topical Fluoride (once per year)	$44.00
Total Fees for Adult Cleanings *	$174.00 to $243.00	Total Fees for Child Cleanings	$189.00
Cost for Twice-a-Year Cleanings	$348.00 to $486.00	Cost for Twice-a-Year Cleanings	$378.00
D0272 Bitewing X-rays (once per year)	$59.00	D0272 Bitewing X-rays (once per year)	$59.00
Total Fees for the Year	$407.00 to $545.00	Total Fees for the Year	$437.00
Your Membership Cost for 2 Cleaning Visits	$190.00	Your Membership Cost for 2 Cleaning Visits	$190.00
Adult Membership Cost	$125.00	Child Membership Cost	$100.00
Amount You Save Just on 2 Cleanings	**$92.00 to $230.00**	**Amount You Save Just on 2 Cleanings**	**$147.00**

In addition to the savings on cleanings, all other dental procedures and services are discounted 15% to 20%.

*The code D1110 consists of simply cleaning and polishing the teeth. The code D4910 involves additional treatment to maintain the health of the gums. Either may be used as one of your twice-a-year cleanings. Usually, patients who require gum treatments are advised to see the hygienist four times a year. The first two visits are covered under the plan at $95 each. The next two visits that year qualify for a discount.

Members must pay their cost in full on the date the dental services are rendered. Members paying by cash or check will receive a discount of 20%. Members paying with a credit card will receive a discount of 15%. Discounts that patients receive as a result of membership in the Danville Dental Discount Club take the place of all other cash, check, and credit card incentives offered by Danville Dental Associates for payment in full on the date of service.

Danville Dental Discount Club membership expires after 12 months from the date of purchase and requires payment of the annual membership fee to continue receiving benefits in the plan. Once the initial membership is paid, an automatic renewal will be charged to the account each year. Member must call to cancel their membership prior to the renewal date if they intend to end the membership. If it is cancelled after the renewal has been charged to the account, there may be a $25 service fee added to the account. Also, if the renewal amount is not paid within 60 days of renewal date, finance charges will be automatically applied to the account and member will be responsible for payment.

Please remember, this is not insurance, it is a dental care savings plan.
